Team Registration Form

A great tool for team development. Coaches if you have a nucleus of players wanting to play fall this would be great time to keep them playing together. We want to first put the emphasis on development of the player and coaches. However we know that some of the best development for players is in the close knit work of a team, so we encourage this in conjunction to the guidelines we have set out.

We recommend registering early so the teams can form and begin practice. If you are forming a team or bringing one in from around the East Valley your team must be established and registered by August 21st 2008. Coaches will be given schedules of the games and teams the following week. Scheduled practice times will begin September 2nd 2008 Games will start September 13th. Please use the form below for a roster sheet. **Coaches you can pay for your team in the following ways (see pricing for your age group)**

1. All at once fill out form below get the form to us along with payment and ***registration form*** for each player.
2. Fill out form with roster of your player's information as players register before deadline, tell them to put coaches name on the application and we will place them on the appropriate team.

(league age as of April 30 2009)

Team Registration Form (print form out and mail or fax back)
